Hi Susan,

I sent back the master final redline to the team – which incorporated both your and Dave’s final redlines (minus the edit on the prior policy which you, Dave and I discussed on Thursday). In response to a few of your redlines, I received the following note from the team and suggested updated redline, specifically in response to your edits on page 9 and page 16-17 of the document. Could you please review and let me know what you think and how you’d like me to proceed on those pieces identified below and in the attached? It looks as though both OGC and OECA provided redline edits/comments to your redlines on page 9.

We’re trying to get this final copy to Brittany and David ASAP to have some conversations with OMB/WHC, so whenever you would have a moment to look at it, that would be great. Here is the note from the team:

Ex. 5 Deliberative Process (DP)

Attached are my comments on the NPRM for the criminal intent standard for state CWA programs. OGC staff sent it to OCEFT. OCEFT will not be sending comments.

The data on states with criminal enforcement staff is being updated.
